

Dear all,

At 13:27 on the 31/05/2013, we exchanged contracts and completed on the sale of 'Shortlands' 15, Cumber Close, Brixham TQ5 8RP.

16: 00 on the 31/05/2013, the final electricity and water readings were submitted, respectively. 'EDF Energy' will send the final bill in the next few days 'South West Water' issued an immediate 'final statement'

I have spoken with Steve; 'Shrives Memorials' and requested the invoice for Mummy's headstone. Steve said he has been very busy and the stone is not finished, however, he will send the invoice in the next couple of days, for both his work and the church fees.

He apologized for the delay but reminded me of the time it took for us to agree on the wording. This information is without prejudice!

All accounts will be settled on arrival and the remaining monies will be divided by five and sent to the respective bank accounts as soon as possible!

All beneficiaries; please advise on the bank account of your choice and supply details, for electronic transfer, to avoid any unnecessary delay in completion of executrix duties.

Kind regards

Linda
